To Whom It May Concern:

It is indeed a pleasure to write a letter of recommendation for Gray Bailey. I have had the pleasure to coach Gray for the past 2 years on my club baseball team Wilson AZ Sandlot. He has a good work ethic, a great attitude, and has always been someone I could count on. Gray is constantly working to get better and always willing to put in the extra work necessary to reach his goals.

Gray has been one of the best left-handed pitchers in the state in the 2021 class the past 2 years. He has full command of 3 pitches and can throw them in any count. He can control the running game with a plus move to 1st and defensively he is outstanding which makes him a very desirable prospect.

Gray is also a good teammate, great student, and is very easy to coach. The Bailey family has always been reliable and supportive with Gray making them a great family to have in the program.

In the 2 years I have known Gray, I have seen him grow into an outstanding young man. He has always been a person that leads by example with high character. I think he will be successful in anything he chooses to do, because of the way he treats people, and his desire to be successful.

I highly recommend Gray as a person and an athlete, for any position to which he aspires. He would be an asset to any organization or team.
